

March 13, 2020

Good Morning HT Parents,

The Department of Catholic Schools has been following the CDC and the OHA closely. Holy Trinity Catholic School is joining with the rest of the state of Oregon in closing our school to help mitigate the spread of COVID-19. With the COVID-19 pandemic at hand, we will close HTCS beginning Monday, March 16th. We will be closed through March 31st and will post an update if the closure is extended.

We are well prepared to enact our digital learning protocols beginning Wednesday, March 18th. Monday and Tuesday will be used for planning and preparation for teachers. Please expect daily communication from teachers and that your student(s) will complete daily work with deadlines. Our goal is to keep students actively learning throughout the typical school day, while being sensitive to screen time and family circumstances.

Students will be coming home today will full backpacks! An all school text message was sent this AM. If you did not receive the text, please verify your cell phone number and provider are entered into School Speak. We've created a section on School Speak with all communication regarding COVID and distance learning. If you've missed any communication, please check School Speak. For parish information, please check Father Dave's message at www.h-t.org.

We know that many families are facing hardships during this unusual time. It is affecting everyone in different ways. We pray that each of you will experience God's grace to guide you through.

All the best,

Ashley Sheridan
