

# JOIN THE HOLY TRINITY GREEN TEAM

Inspired by Abby Klein's Save the Earth book

Earth Day is April 22, 2024. Every person can take small steps at home to care for the planet we share. One way to celebrate is to complete the Earth-Day challenge. Students and staff who complete the challenge can wear GREEN on Earth Day.

Bring your completed checklist on Monday, April 22nd.

Student Name \_\_\_\_\_

Just imagine the impact we can make when we all combine our actions together.

- Recycle cans, plastic, paper and glass.
- Turn off lights, computer, and TV when you leave a room.
- Turn off the water while brushing your teeth.
- Use a reusable water bottle.
- Pick up one large bag of litter in your neighborhood.
- Walk, ride your bike, or carpool on your way somewhere.
- Bring a reusable bag to the grocery store.
- Use both sides of a piece of paper.
- Use a cloth dish towel to dry your hands instead of a paper towel.
- Take a quicker shower than normal or use less water in a bath.

As a family we enjoyed participating in the Holy Trinity Green Team Challenge
